

FABIAN ESPITIA

SOFTWARE DEVELOPER

 fabianespitia370@gmail.com  linkedin.com/in/fabian-espitia-sotelo  https://fabian-site.vercel.app

ABOUT

Software Developer with experience building projects on both the Frontend and Backend, using a diverse set of technologies. Proficient in **HTML5**, **CSS3**, and **Tailwind CSS** for crafting visually appealing and responsive user interfaces. Skilled in **JavaScript** and **React.js** for dynamic and interactive web applications. Experienced in server-side development using **Python**, **Go**, **Django**, **Django Rest Framework (DRF)**, **MySQL** and **PostgreSQL**. My expertise extends to version control systems, as I am well-versed in **Git** and **GitHub**, ensuring efficient collaboration and code management.
